WHY FAMILYKIND?

FamilyKind's services and classes promote less litigious and more child-centered approaches to separation and divorce by:

- Decreasing conflict-related trauma to adults and children
- Improving short-term and long-term outcomes for children, including fewer school absences and improved social, emotional and behavioral well-being
- Reducing litigation in courts, including fewer child-related disputes
- Lessening financial burden on parents and families

For the first time, I feel a sense of optimism that peace may be lasting between me and my co-parent. We may just be able to build a new type of family together.
